

PFREUNDT WK60 Series

The individual weighing electronics system with touch-display

Full flexibility thanks
to additional features.
At any time.

 New: WK60-XS
& WK60-Smart

 Precise
and fast

 Compact
and robust

 More individuality with
additional features

 Intuitive operator
interface

PFREUNDT WK60 Series

Maximum flexibility thanks to a large number of different features for special requirements and operating sequences, which are optionally available as required and can also be subsequently added.

With PFREUNDT scales you always know how much material is being moved – this saves time, lowers costs and improves operations.

Features

- Interfaces for printers (RS232), network (LAN), CAN-Bus, Multi-I/O, power supply as well as radio data transmission via WLAN and GPRS
- Connection to the PFREUNDT Web Portal
- Plug connections for pressure sensors and proximity switches
- Capacitive 7" / 5" touch-display with reinforced safety glass
- Operator interface comparable to smartphone or tablet

Connections

Antenna connections: GPRS and WLAN

External interfaces plus power supply

- N1 + N2 proximity sensor port
- CAN1 for connection of digital pressure sensors
- ADW for inclination measurement

WK60 Accessories overview

- PFREUNDT Web Portal
- Printer
- Weighing tickets
- Weighing ticket box
- Antennas
